## **APPENDIX 1 SCC Chairman's Report Season 2020**

Not surprisingly there is not quite so much to say about last season but a few things did happen, so here is a brief summary of what did or, perhaps more significantly, did not take place.

Firstly the grand opening of our new outdoor net facility had to be cancelled which was a great disappointment since we had many people planning to join us that day as a way of thanking all those who had made it possible.

After much delay and debate, the League cricket season was eventually cancelled and indeed no organised cricket or training took place at adult or junior level for a while. However, thanks to a Boris moment, we were suddenly able to pack in some matches in the latter part of the summer. The senior team played in what was called the August Cup, which was really just a number of 'friendly' 40 over matches. We started well winning a couple of games but then tailed off. The Development team also managed a few games which were thoroughly enjoyable and produced some excellent individual performances.

We said farewell to Malcolm Flitt, a long-term player and supporter of the Club who moved to Wales for personal reasons in 2020. Malcolm had great contacts at Sussex cricket, was instrumental in our fundraising efforts for the new net facility and so we thank him for everything he did for the Club. Sadly, more recently another Club stalwart, Colin Williams, passed away and we will miss his uplifting presence as part of the old boys supporters group who kept 'H' on his toes behind the bar.

In recent months many of you will be aware of several incidents of serious vandalism taking place which has affected the Club, Leisure Centre and surrounding area. Several thousands of pounds of damage has been caused, including 2 large front windows of the pavilion which being smashed by a large rock and a smaller window being broken. The authorities are actively trying to address these extremely worrying incidents and the Club is considering if additional security may be needed to protect the outdoor net area.

On a more positive note, a local charitable organisation has kindly agreed to fund an 'honours board' dedicated to one of their former members who was a vice president of the club many years ago. We hope to have the board in place shortly and so you can look forward to seeing the names of players who scored a century or took 5 wickets in 2020!

So we await the 2021 season in the hope that we can get back to as near normal activities as possible, but of course we will have to see how things evolve on the COVID front. Our preparations for both adult and junior cricket are well under way, including a new initiative for the Club to start a girls section. Our plan is also to run All Stars, Dynamos, several Cygnets teams, SCL Saturday side and various Sunday fixtures for our popular Development team games. This will be in addition to training sessions for all the various elements of the Club and it will be nice to enjoy those balmy Friday evenings, with bar open and the odd bbq to boot.

Very best wishes,

Steve

**REPORT OF THE AUDITOR TO THE MEMBERS OF STORRINGTON CRICKET CLUB**

I have examined the foregoing Financial Statements and found them to be in agreement with the Club's books of account and supporting vouchers.

In my opinion the Financial Statements give a true and fair view of the Income and Expenditure for the year ended 30 September 2020 and of the Balance Sheet as at that date.
